Listen via the Internet:

http://www.videonewswire.com/event.asp?id=90407

If you are unable to participate during the live webcast, the call will be archived on the website www.amerco.com.

About AMERCO

AMERCO is the parent company of Oxford Life and Repwest insurance companies, Amerco Real Estate Company and U-Haul International, Inc., U-Haul is in the shared use business and was founded on the fundamental philosophy that the division of use and specialization of ownership is good for both U-Haul customers and the environment.

About U-Haul

Since 1945, U-Haul has been the choice for the do-it-yourself mover. U-Haul customers' patronage has enabled the Company to maintain the largest rental fleet in the do-it-yourself moving industry which includes a fleet of trucks, trailers and towing devices. U-Haul also offers self-storage throughout North America. U-Haul is the consumer's number one choice as the largest installer of permanent trailer hitches in the automotive aftermarket industry. The Company supplies alternative-fuel for vehicles and backyard barbecues as one of the nation's largest retailers of propane.

U-Haul was founded by a Navy veteran who grew up during the Great Depression. Tires and gas were still rationed or in short supply during the late 1940s when U-Haul began serving U.S. customers. Today, that background is central to the U-Haul Sustainability Program: Serving the needs of the present without compromising the ability of future generations to meet their own needs. Our commitment to reduce, reuse and recycle
includes fuel-efficient moving vans, neighborhood proximity, moving box reuse, moving pads made from discarded material and packing peanuts that are 100% biodegradable. Learn more about these facts and others at uhaul.com/sustainability.
