The conference call and webcast may include forward-looking statements. If you are unable to participate during the live webcast, the call will be archived for one year at www.amerco.com.

About AMERCO

AMERCO is the parent company of U-Haul International, Inc., Oxford Life Insurance Company, Repwest Insurance Company and Amerco Real Estate Company. U-Haul is in the shared use business and was founded on the fundamental philosophy that the division of use and specialization of ownership is good for both U-Haul customers and the environment.

About U-Haul

Founded in 1945, U-Haul is the industry leader in do-it-yourself moving and self-storage with more than 22,000 locations across the U.S. and Canada. U-Haul customers' patronage has enabled the Company to maintain the largest shared fleet of trucks, trailers and towing devices in the do-it-yourself moving industry. U-Haul offers self-storage units in all 50 States and 10 Canadian provinces. U-Haul is the consumer's number one choice as the largest installer of permanent trailer hitches in the automotive aftermarket industry. The Company supplies alternative-fuel for vehicles and backyard barbecues as one of the nation's largest retailers of propane.

U-Haul was founded by a Navy veteran and his wife who both grew up during the Great Depression. Tires and gas were still rationed or in short supply during the late 1940s when U-Haul began serving U.S. customers. Today, that background is central to the U-Haul Sustainability Program:

Serving the needs of the present without compromising the ability of future generations to meet their own needs. Our commitment to reduce, reuse and recycle includes fuel-efficient moving vans, neighborhood proximity, moving box reuse, moving pads made from discarded material and packing peanuts that are 100% biodegradable. Learn more about these facts and others at uhaul.com/sustainability.
